

How to get the vaccine:

You can make an appointment starting from the Tuesday two weeks before your desired date using our call center/appointment system.

For those with a primary care physician, please send all enquiries to each medical institution.

For those who wish to receive the vaccine at a mass vaccination site:

For those who wish to receive the vaccine at a medical facility:

Look for a venue where you can get vaccinated by checking their Appointment Acceptance Status:

Make an appointment through the Asahikawa COVID-19 Call Center:

Appointment Only: **0120-057-160**

Appointment/Consultation: **0166-25-3501**

(Weekdays, Weekends, and Holidays 8:45~17:15)

For those who have trouble calling, please send all enquiries to this fax number: **FAX 0166-21-3176**

Set up a time through our online COVID-19 appointment system:

Set up a time through the Appointment Support Center *Please refer to "List of COVID-19 Booster Vaccination Sites" (Japanese) on separate sheet)

Call each medical institution directly to set up an appointment

◆Your consent is required to receive the vaccine

Upon confirmation at the time of your vaccination that you understand both the risks of side effects and the effects of protecting against infection, we will ask for your consent to administer the vaccine. If we do not receive your consent, we will not administer the vaccine. No one should be discriminated against for not receiving the vaccine nor be forced to receive the vaccine by their workplace or those around them.

◆About Underlying Conditions

Please consult your doctor if you are visiting a hospital for underlying medical conditions or have a hospital you can consult before receiving the vaccine. For those who do not have a hospital they can consult, please consult your desired vaccination site about a preliminary medical examination.

◆To parents/guardians of children between 12 and 15

○We will only administer the vaccine if the child wishes to receive it and the parent/guardian has given their consent. Parents/guardians, please make sure to sign your name in the parent/guardian's signature field of the pre-vaccination questionnaire.

○As a rule, the accompaniment of a parent/guardian is required to receive the vaccine. However, if the medical facility (or vaccination site) allows it, children middle school age and above are not required to be accompanied as long as the parent/guardian's consent can be verified with a signature in the parent/guardian's signature field of the pre-vaccination questionnaire.

○If the child will be unaccompanied, please fill out the phone number of a parent/guardian that can be reached at the time of vaccination as an emergency contact in the "phone number" field of the pre-vaccination questionnaire.

◆Other items of importance

○For those who wish to receive the vaccine outside of Asahikawa (Vaccination outside of registered city)

If you have a certificate of residence registered with Asahikawa but you are living in a different municipality, by notifying them, you may be able to receive the vaccine in the area you actually live. Please visit your municipality's town/city ahll for more information.

○For those who have moved out of Asahikawa

If you have moved out, you cannot use Asahikawa's vaccination voucher. Please go to the city/town hall of the municipality you have moved to in order to be issued another voucher. You are also required to bring the previously issued one from Asahikawa, so please do not dispose of it.

◆Relief System for Injury to Health with Vaccination

There have been cases of damage to health (such as falling ill or acquiring a disability) as a result of vaccination. While such cases are extremely rare, a relief system has been set up for those who sustain permanent health damages. For more about the steps necessary to apply, please consult the Asahikawa Public Health Center's Measures for Novel Coronavirus Infection Control Division.
